Rev. Sheldon Jackson.
My dear Sir:

You have done a grand work, by God's blessing upon your zeal for Christ, and great energy, for the destitute people & portions of our Western country -I have been striving for 18 years by the Ashman Institute changed to the Lincoln University to raise up a Ministry for the colored churches, and now the Providence of God has opened up the South & thrown 5,000.000, upon us, and my object in writing is to ask your ald towards this portion of our people, and our country. I send you with this, a Catalogue showing what we are trying to do, and say we have now applications from 60 congregations in important places, and none to send - and ask whether you could this coming winter, 1st visit for us the cities and important centres of the South to stir up as a Presbyterian, the people white & colored, to the organizing & sustaining churches and a minister among the colored people. 2d to find promising young men to interest the people from whom they come, to sustain them while receiving an education at Lincoln University.

3d. To stir up by your letters our Church & people North, to take hold of this work with energy? We will send you the necessary funds as salary & for expenses.

I know our Freedman's Comee. is in the field, but what are they doing in so great a work? I know it might be said, let the Colored Students take their chance among our own race in the Theol. Seminaries, but where they will get a College education . I know there is a cry that the Education Board is bringing out too many Ministers - if this be true, (which it is not) with our own people, it is not true as to the colored race. Now my dear Brother, do not cast this letter aside saying you cannot go - it is not sent without much thought, or without prayer - The duty need not take you long from your great thousand mile parish of the West: I believe God has called you to help the black man too, and to help us here to help him - It is a great work and we know you love great work if for Christ & His Kingdom. We hope to hear from you & will pray it may be as we wish.

Very sincerely yours.

John M. Dickey,

Trustees of Lincoln University.

There will be three male members but oul our atall suitable for an Elder and he is quite zoney. 22 yrs. & ago.

I have learned all I could about his character and find him miversalle respected in the community. He is as -ceptable to all the zumbors. He is very lostle to accept the position, but two just now given me to understand that if it is necessary the members desire it to will accept the position. There is a member Dr. Rice (perhaps zow met tim at Long-- mont) who I Think would like to be Elder I may expect it, but he is very mules po-ulan and I would not be willing to have hime. For the Rocky Mountain Presbyterian - Vesterdag was a glad dag for the Presby terian Church in Golden. The weather was bright and heartiful, and our handsome church, so truly like acity set on a hill, that count be hid , was well filled both in the morning and evening. In the snorning was our com musion Service, and six were added to our number, four by letter, and one on profession of faith. Brother Mitchell, of George. town, preached an excellent sermon, and brothers Lowrie and Lage administered the Sacrament; Eldes Simon Cont assisted in distributing the ele neuts. Mrs Henrietta Wells,

who joined on profession, was of baptisin was also administered to the infant child of John H, and Maggie M. Parsous. It was a Season of solemn and tender interest to our devoted little hand. In the evening the instal lation of the new Pastor, Rev. Jok Smith, late of Michigan, took place. Rev. J. G. Lowrie preached a very impressive sermon, from the second Psalin as his text, which was listened to by the large audience with solerun attention. He also presided and propound. cel the constitutional questions after which Per D, H, Mitchell de livered an excellent charge to the Pastor. Referring to the old provert There is no rong al road to Geometry", he said, in one view

it is a mistake - there is a rayal road to success in any. undertaking, and that road is work - work. Dear Brother Frackelton.

Yours of the 30 ult. is just here, Rev. Jackson is expected in a few days when we will confer with him about your field and lay and it before the Board I advise you of its results.

It does seem strange that you are able to raise so little from your large field towards your support. I think you write only \$5. surely \$5 for five months preaching is small. The missionaries of every Church and Board are expected to raise all they can from the people whom they serve. This Board expects its missionaries to do what they can also the board is now \$175,000 in debt. Help must come from the people visited, as well as from contributing friends elsewhere we beg you to give this matter a more successful trial. You have had are \$100 travelling expenses and \$350 im account. Many Aworse off, Fust soon as Mr. Jackson comes and the Board meets we will advise you.

May God bless you in your discouragements.
